

STATUS LETTER:
TO WHOM IT MAY CONCERN

The Certification Body:

**Certification Entity for Renewable Energies S.L.
(CERE)**

C/ Monturiol, 15.
28906 Getafe (Madrid), España

Confirms that the products included into the certificate 21055-CER for the Licence Holder:

CHEMIK TARAZONA S.L.
C/ La Rioja (Tarazona Industrial área – Parcel No. 121)
50500. Tarazona. Zaragoza (Spain)

Are certified based on our IAF accreditation as certification body according to the requirements established in the standard ISO/IEC 17065 based on the Type 5 product certification scheme (See ISO/IEC 17067 & RETIE section 33.2.4) which includes:

- Sample selection,
- Evaluation,
- Revision,
- Decision on certification attestation and
- Surveillance based on yearly factory inspection and pre-certification factory inspection successfully carried out on 2021-09-27 prior to the certificate 21055-CER issuance.

The applicable product certification scheme is referred-to in the abovementioned certificate through the applicable certification procedure.

According to section 33.4.1 of the 90708 Resolution and its modification, this certification scheme is accepted for IEC standards referred into RETIE, in compliance with its Clause No. 33 for product conformity certification.

For any question do not hesitate to contact with us.

Best regards,
Madrid, November 23rd, 2021.

Miguel Martinez
